OUR APPROACH

The week will be flexible to make the most of the weather and wildlife opportunities, taking a robust approach to getting out and about. Safety is always a priority, and nobody wants to be seasick or cold and wet all day so final activities will be at the discretion of the organiser.

The skipper will have final say on decisions while aboard.

PROPOSED BAD WEATHER ALTERNATIVES

MARK MAKING WORKSHOP

Materials experimentation, breaking habits and exploring new techniques.

EXPLORING THROUGH THE SENSES

Exercises in thought and experimentation, our interactions and interpretation of the natural world.

PRINTMAKING AND MIXED MEDIA

An introduction to simple printmaking techniques, alone or combined as mixed media practice.

WILDLIFE AND COASTAL SLIDESHOW

SPONTANEOUS OPPORTUNITIES

Between workshops there will be spontaneous opportunities to enjoy a refreshing wild swim, wander the shores, take a local wildlife walk, peer in rockpools, or explore beneath the waves with a snorkel. For those with kayaks, the local coastline is excellent for paddling.

There are also a rich diversity of workshops, studios and galleries, on the island if you wish to absorb some of the local creative work.
